EDUCATION

UNIVERSITY OF CALIFORNIA, LOS ANGELES

Los Angeles, CA

Bachelor of Science, Math & Computer Science

WORK EXPERIENCE

NeuroLeap Corp - *Data Engineering Intern*

Jan 2026 – Present

- Developed and maintained data pipelines integrating diverse data sources, improving data accessibility and supporting machine learning workflows for AI-driven neurodevelopmental assessment tools.

Amplify Analytix - *Data Analytics Consulting Intern*

Jun 2023 – Jun 2024

- Developed pricing optimization and product performance dashboards for multiple clients using data visualization tools
- Analyzed large datasets to identify trends and deliver actionable insights to improve pricing strategies and product placement

Tri-Valley Robotics - *Director of Outreach & Coach*

Jun 2024 – Dec 2025

- Built partnership with corporations to raise 10K+ to support the FLL & FTC teams
- Organized STEM outreach events to expand the community robotics programs and coached 3 FIRST robotics teams

Magikid Robotics - *Lead Coach & Curriculum Developer*

Dec 2022 – Sep 2025

- Coached 2 Competitive VEX teams and taught 100+ students ages 4–14 robotics, coding, and engineering design
- Designed standardized curriculum used across multiple programs & managed instructor schedules to coordinate team operations

EXTRACURRICULAR ACTIVITIES

Amazon Web Services Cloud Club - *Cloud Architect*

Jan 2026 – Present

- Designing and developing cloud solutions for UCLA organizations, startups, and industry teams

Sigma Eta Pi Fraternity - *Member*

Mar 2026 – Present

- Actively engaged in premier co-ed entrepreneurship fraternity.

Bruin Software Engineering Club - *Member*

Jan 2026 – Present

- Working in a community of motivated CS students to understand the industry by connecting with professionals and build projects

Rookie Robotics - *Founder*

Dec 2022 – Dec 2025

- Raised and deployed \$5,000+ in robotics equipment to establish permanent robotics programs at 4 Nepali schools
- Received Girl Scouts Gold Award

First Tech Challenge - *President & Captain*

Oct 2021 – Jun 2024

- Led a 13-member robotics team through full hardware design, CAD, fabrication, and Java programming cycle
- Gold Division Finalist and Connect Award winners at NorCal Regional Championships

California Scholarship Federation - *Co-President & Treasurer*

Dec 2022 – Sep 2025

- Managed \$30,000 in donations and fees while tracking volunteer hours and creating community events for 1,000+ students

VEX Robotics Tournaments - *Judge, Emcee, Field Staff*

Dec 2022 – Sep 2025

- Organized 6 large-scale competitions for 100+ teams by utilizing 800+ volunteers resulting in receiving PVSA Gold Award
- Maintained event scheduling and operations & evaluated robot design and performance

PROJECTS

Sunny - *Co-Founder*

Mar 2026 – Jun 2026

- Developed an alarm app connected with NFC technology to eliminate snoozing. Launched across UCLA campus.

Diagnosis of Osteosarcoma through CNN - *UCSB SRA Researcher*

Jun 2023 – Jul 2023

- Built and trained the final artificial intelligence (CNN) model to classify osteosarcoma from histopathology images at 82% accuracy

BioBark & MethanBotics - *Lead Hardware Developer*

Aug 2024 – Jun 2025

- Developed methane-absorbing synthetic bark and probiotic digestion solutions
- Selected as State Finalist in Samsung Solve for Tomorrow and won \$2,500+ in technology

Forest Health Assessment through CNN - *Lead Software Developer*

Jun 2023 – Aug 2024

- Built drone-based NDVI imaging system for environmental health monitoring by integrating raspberry pi with CNN-based analysis

Phosphody - *Lead Hardware Developer*

Aug 2024 – Jun 2025

- Built a three-tier wastewater filtration system to remove phosphorus using duckweed, biochar, and bacteria
- Won 1st Place at CCCSEF & UC Berkeley Bioengineering Competition securing \$3,000 in lab equipment and \$1,000+ in grants

ADDITIONAL

- **Skills:** Python, C++, C#, Java, Pytorch, 2D CAD, 3D CAD, AWS, Adobe Photoshop, NumPy / Pandas, TensorFlow
